On 8th July 2025, an LMS sensitization session was successfully organized for the students appearing in the upcoming SVS online theory examinations. The session was graced by our respected Director Sir, who addressed the students and emphasized the importance of maintaining integrity during online examinations. He firmly advised all students to refrain from any form of malpractice and to appear in the exams with honesty and sincerity.

During the session, we demonstrated, through screen sharing, the complete process of how to appear in the online theory exams—both through the mobile application and via the student's portal. Step-by-step guidance was provided to ensure clarity and ease of understanding.

We also took the time to address and resolve individual queries raised by students to ensure they are fully prepared and confident before the examination.
